Training workshops
Climate MRV in the Solid Waste Sector

January 20, 21, 27 and 28, 2021

The **Pacific Alliance** through the **Technical Subgroup on MRV and Climate Change** (SGT-MRV), with the technical and financial support of Environment and Climate Change Canada (ECCC) and the participation of the Ministry of the Environment of Peru (MINAM) and the Ministry of the Environment of Chile (MMA), are pleased to invite you to the "**MRV Training Workshops in the solid waste sector.**"

The workshops are based on the results of previous activities in this area and are developed under a South-South technical exchange format, where the experience of the **"Reciclo Orgánico Program"** in Chile will be highlighted. In addition, it will have the vast technical experience of **Canadian specialists** in cutting-edge technological tools, including digital MRV in the solid waste sector.

Learning topics:
- Session 1: Climate change, solid waste and emission estimation.
- Session 2: Climate MRV of the solid waste sector.
- Session 3: Register y Measuring.
- Session 4: Digital Technologies for Reporting and Verification.

Modality: Theoretical-practical virtual training using the GoToWebinar platform. The sessions will be in Spanish, with simultaneous translation into English and French.

Duration: Four sessions of 2 hours each.

Dates: Wednesday 20, Thursday 21, Wednesday 27 and Thursday 28 of January, from 09:00 am to 11:00 am.

Speakers: ImplementaSur (Chile), Ministry of the Environment of Peru (MINAM), Ministry of the Environment of Chile (MMA) and Canadian technical experts from Environment and Climate Change Canada (ECCC).

During the following week you will receive an invitation with more details. These courses have limited capacity and you are encouraged to register early at the link below.
